**Project Name:**

Wember Inc. Project Number:

Issue Date:

Location:

**Purpose:****Teton County Courts - Modulares**

2023.18-TCOC-RLS

June 20, 2025

Jackson, Wyoming

PreApp / Basic Use Permit / Vacation of Property Lines w/o Replat  
Permit Application Project Narrative

Teton County has contracted with Wember Inc. in partnership with Berning Project Management (BPM) as the project Owner's Representative, with Anderson Mason Dale (AMD) as the project architect, and with DPR Construction (formerly known as GE Johnson Wyoming) as the construction manager for the project. This narrative is to provide clarity to the 3 submitted planning applications, preapplication request, basic use permit, and vacation of property lines without a replat. All 3 applications are submitted separately but in tandem to allow for a building permit submission later this summer.

The proposed project is the installation of four modular building units at Teton County Property located at 252 and 254 E. Simpson Avenue and 200 S. Willow Street (all adjoining properties). Three of the modulares will be connected and will all be located on the E. Simpson property. The fourth modular will be located partially on the E. Simpson property and partially on the S. Willow property. The county is also requesting a vacation of property lines between lots 4, 5 & 6, BLK 9, Cache-2. These properties are all owned by Teton County. The S. Willow property is zoned P/SP, and the E. Simpson property is zoned OR. The vacation of property line request includes the property line between 252 and 254 E. Simpson Ave property to allow the 4<sup>th</sup> modular to remain. The 4<sup>th</sup> modular will only be utilized for the duration of the project, approximately 2.5 years and will be removed immediately after move-in to the new Justice Center. The 3 modulares will remain after the project for future office use for Teton County. We will include the 4<sup>th</sup> modular in the construction logistics plan as requested by TOJ Planning. The

These modular buildings will be used as temporary offices for the occupants of the Teton County Courthouse during the construction of the new Teton County Justice Center (courthouse). The three connected modular buildings will house two small courtrooms (District and Circuit courts), judges' offices, court support staff, Circuit Court Clerk's offices, and court security. The fourth modular will house the District Court Clerk's offices.

The two courtrooms in the modular units will be used for hearings and small court functions. Jury trials will not be held in the modulares, but will be held in the existing Hansen Courthouse buildings. The temporary Teton County Sheriff and County attorneys' offices are in a rented office building on the adjacent property at 270 E. Simpson.

The parking demand is based on Institutional Use and is calculated based on demand/use (see submitted drawing for additional information). Primary parking is located at the rear of the property, accessed from the alley.

The project does not include affordable housing provisions and is assumed to be satisfied with Teton County's current commitments to housing projects and existing housing stock.

The project is moving forward with schematic design and cost estimating. The modular buildings will be relocated to the site by the end of July 2025, but installation and occupation will not be completed until after the building permit process has been completed. We plan to work closely with the Town of Jackson, design, and construction teams to move the project through the building permit process to prepare for the installation of the modular building in the fall of 2025 and the interior construction to be completed by the end of 2025.
